

Webinar series in Palliative and End-of-Life Care Research

# Methodological Development & Innovation

In this three-monthly webinar, the VUB-UGent End-of-Life Care Research Group and the Public Health at the End of Life Research Group of the Amsterdam UMC invite experienced **international** speakers to present health services, public health and clinical research that uses innovative research methods. The aim is to exchange and grow knowledge on a diverse range of methods used in these different disciplines and explore their potential for improving and innovating future palliative and end-of-life care research.

**For whom?** For everyone interested in innovative research methods in palliative and end-of-life care. The webinar is in English and open to a national and international audience.

Save the dates:

- Thursday, 28 April 2022: Participative research by prof. Liesbeth De Donder (BE)
- Thursday, 23 June 2022: NPT, realist evaluation, clinical uncertainty by prof. Jonathan Koffman (UK)
- Thursday, 15 September 2022 (TBD)
- Thursday, 15 December 2022: Meaning at the end of life by prof. Jessie Dezutter (BE)

Webinars take place from 16h to 17h (CET).
